New York Stock Market

New York, May 28.—The stock mar-ket was again under a cloud to-day sentiment being even more unfavorably effected by overnight developments connected with the St. Louis and San Francisco receivership. The securities of that system were subjected to further heavy selling, which resulted in new low prices. The market manifested a rallying tendency toward the close under the lead of Reading and

the Harrimans.

Advices from abroad suggested that foreign financial interests were much surprised and somewhat alarmed at the outcome of the St. Louis and San Francisco situation. London, whose own market was heavy and dull, sold upwards of 15,000 shares here, with a goodly sprinkling of Canadian Pacific, presumably for Berlin account.

Liquidation of Canadian Pacific was one of the prominent features of the lay. The movement embraced other priced issues, including Union Pacific, Reading, Amalgamated Copper and American Smelting. Obscure specialties, such as American Beet Sugar and Distillers' Securities, manifested acute weakness, Distillers' common yielding four points and the 5 per cent bonds dine points.

Selling of Copper and Smelting seemed to have its origin in rumors pointing to slackening operations in that industry, the same reason applying The general bond market was heavy

In government bonds, Panama coupon 3s advanced 1-4 per cent on call. Total sales, par value, \$2,371,000. Total sales

sales, par value, each were 347,700.

New York, May 28.—Money on call steady; 2 3-404 per cent; ruling rate and closing bid, 2 3-4; offered at 3.

Time loans steady; sixty days, 3 3-404 for cent; ninety days, 4; six months, the per cent; ninety days, 4; six months, the loss was steady at 4 3-4. Prime mercantile paper, 5 1-2 a net decline of 507 pelnts, spot cotton per cent. Sterling exchange steady, with actual business in bankers bills with actual business in bankers bills at \$4.83 for sixty-day bills, and at

Japan, 35,168 bales; to Mexico, 19,366 bales.

New Orleans, May 28.—Cotton made a moderate decline to day on the growth of bear-lish sentiment in connection with the pending government report of the condition of the growing crop on May 25. Private bureau estimates up to 85 per cent of the normal stimulated short selling and intensified the effect of good weather and crop news. The only balancing feature was cost weather in the central portion of the belt. The market was quiet the session through, and at their best bears were only moderate sellers, while on the other hand, buils gave the market next to no support. The forcessi of dry weather for the entire belt and a report putting the condition of the crop at 85 per cent and the increase in acreage at 4.7 per cent started selling afresh, and the market gradually

| MARKET IS RAGGED WITH CLOSE FIRM

Many Low Records for Year Scored During Day's Trading.

BY BROADAN WALL. New York, May 28 .- To-day's stock market losed with a firm tone for the best issues after a ragged market, in which many low records for the year were scored. Steel was very steady, not losing a fraction. Union Pacific and Southern Pacific made gains on the day, and the changes in Atchison, St. Paul, New York Central and Chesapeake

vere only fractional. The early trading was dominated by the break in the d'Frisco" issues, the common selling at 312, the first preferred at 15 and the second preferred at 6%. Measured by these prices, the "Frisco" stocks showed a market value of less than \$2,000,000 on the par value of \$50,000,000. The general lien 5 per cent bonds dropped to 51%. The refunding 4s developed firmness and closed with a

ing is developed firmness and closed with a slight gain. As this issue rests on underlying liens, it is considered that the equity is fairly well secured.

A burst of liquidation in distillers carried the stock to 19, a drop of more than 4 points, and the 5 per cent bonds declined 7 points on rumors that the company would be mable to pay the coupons due in October. Officials declare that there is no question about the ability of the company to meet this payment. The break caused considerable anxiety, however, as the last annual report showed a deflett after the payments of dividends on the stock, and a trade war is known to have reduced this year's earnings. The market developed a number of soft spots. Central Leather selling below 20. American Smelters falling more than 2 points.

In the railroad list Canadian Pacific took.

spots Central Leather selling below 20. American Beet Sugar down to 20½, and the American Smelters falling more than 2 points.

In the railroad list Canadian Pacific took the load in the decline, selling below 230 on direct orders from Herlin and Montreal.

An unpleasant effect was created by the weakness in Denver common, which closed at the low point of 18½, the worst recorded for five years, while the preferred went to 29, a figure not equalled in twenty years. The 6 per cent refunding bonds were weak, and Western Pacific 5s declined to a new low point. The opinion is expressed that Western Pacific by "butting" into the Central Pacific cut-off at San Francisco, has so antagonized banking interests that it will be next to impossible for this company to 8e-cure much-needed financial assistance. The Wabash Issues were weak and closed at the low figure of the day.

Losdon was a steady seller of our stocks, marketing between 15,000 and 20,000 shares, with the bulk of the trading in Steel common. Amalgamated turned weak, with only fractional railies at the close. Reports from the trade indicate that the expert business has fallen flat, and a drop in the market price of the metal is predicted.

The definite announcement that the Attorney-General had decided to insist on the surrender of the Central Pacific by the Southern Pacific, was not construed as unfavorable to the segregation plan. There were rumors that part of Union Pacific-Southern Pacific valuable investments without conflicting with the wishes of the Attorney-Ceneral and at the same time provide a permanent resting place for half of Union Pacific sholdings of Southern Pacific will be ex 2 per cent, and Norfolk ex 1½ per cent.

As the exchange will be closed from tomorrow afternoon until Monday the financial atmosphere will have a chance to clear. The wheat is being separated from the decided benefit to the holders of good stocks.

Forest Commission Leaves to Investigate Part of Biltmore Estate.

the stick to a person, who told him it was dynamite. He intended taking it to the police station, and hid it for safe-keeping in his bedroom, where it was found by the police, who arrested him.

I morrow for North Carolina to determine whether the famous Pisgah for-estration of the vast Biltmore estate shall be purchased by the government and turned into a national reservation as part of the scheme for protection Young People's General Convention of Christian Church.

Burlington, N. C., May 28.—The third blennial session of the Young People's General Convention of the Christian Church, embraced within the Southern Christian Convention, convened with the Burlington Christian Church today. Delegates are present from Sunday schools, Christian Endeavor societies, teachers' training classes, and organized classes in North Carolina, Virginia and Alabama. In addition there are a number of the ministers of the church present.

The opening services were conducted by Rev. P. H. Fleming, D. D. Rev. A. Berginia and coastal rivers. The party leaving to-morrow will include Secretary House, of the Department of Agriculture; Secretary Lane, of the Interior Department; Senator John Walterior Smith, of Maryland; Representatives Hawley, of Oregon, and Lee, of Georgia; Chief Forester Graves, Assistant Forester W. L. Hall, and George Oits Smith, chief of the Geological Survey. Secretary Garrison, president of the commission, will join the party at Asheville Saturday. It is expetced that about three days will be spent in examining the property. The great tract comprises about 86,000 acres, and has been recommended for purchase by the of the upper waters of the Atlantic
